

Instructions for Table Tent Use

These forms can be used to identify all animal products served raw or under cooked in your food service establishment. When filled out correctly, this form will comply with the “Consumer Advisory” requirement of the Kansas Food Code, Section 3-603.11.

This form is designed to type in the direction text is displayed.

- Delete “Restaurant Name” and add your facility name.
- Do the same for “Restaurant Address”.
- Identify all animal foods that your facility will serve raw or under cooked.

Then enter them into the space provided. Items may be entered one per line or multiple items maybe entered consecutively (1, 2, 3, etc.). Columns may be used by entering one item, then spacing over and add the second. Use the enter key to move down and add the next items. **Do not use the tab key. That will result in moving to the next field.**
